25X1

Sulfuric acid deliveries to the SMV for the month of March 1953 totalled 107,990 kilograms. The following figures show how this amount was allocated to the refineries:

Refinery	Kilograms of Sulfuric Acid
Voesendorf	45,300
Moosbierbaum	16,060
Kledering ¹	31,670
Schwechat	14,960

Comment: It was not clear why Kledering, reportedly the smallest of the SMV refineries, received more sulfuric acid than either Schwechat or Moosbierbaum
